

## About Us

Founded in 1976 CMI began as a Brazoria County based general contractor providing civil and mechanical services to the local community. In 1998 CMI opened its second location in Port Lavaca, TX. In 2000, CMI was acquired by Wolfenson Electric Inc. Today CMI is an established leader in industrial civil and mechanical construction services in the Gulf Coast area, known for high-quality services, responsive performance and dependability.

## Services

CMI's many years of Industrial Plant experience has allowed us to be successful in providing clients with quality civil, structural and mechanical installation services for more than 37 years.

CMI currently maintains approximately 350 Construction Managers, Project Managers, Supervision, Welders, Shop Fabrication, Pipe Fitters, Operators and Maintenance Support along the Texas Gulf Coast from Corpus Christi to Orange.

## Core Competencies

- Structural steel and piping erection
- Specialty welding and pipe fabrication
- Site preparation, excavation, grading, and demolition
- Concrete foundations and paving
- Equipment setting and rigging
- Plant maintenance and turnarounds
