

About Us

Focusing on safety and quality first, Skyline grew out of a need recognized by its founders to provide “soft craft” services at a level that exceeds the expectations of its peers.

With over 50 years of experience in “hard crafts,” the founders of Skyline used their knowledge and experience to build Skyline, in a short period of time, into one of the premier providers of scaffolding, insulation and coating services. With our main office in Clute, TX, as well as locations in Houston and Port Lavaca, we have the commitment, knowledge and experience to accommodate your needs in “soft crafts.”

Services

Skyline’s many years of Industrial Plant experience has allowed us to be successful in providing clients with quality scaffolding, coating, insulation and soft crafts services for more than 5 years.

Skyline currently maintains approximately 100 Construction Managers, Project Managers, Supervision, NACE Inspectors, Painters, Scaffold Builders and Maintenance Support along the Texas Gulf Coast from Corpus Christi to Orange.

Core Competencies

- Scaffolding
- Industrial Coatings
- Insulation
- Tank Linings
- Mobile Units
- Enclosed Blasting and Coatings Facility
- NACE Level 1-3 Inspectors
